The other issue is that the hardware is not possibly supported, so have you verified the upgrade against supported hardware? Regards Allan.. 1 documentation, it may be available through Cisco com Search or in the Cisco Support Community Feedback on this page.. Hi, The following was taken from the compatibility matrix for a direct upgrade to 7.. CUCM 7 1 2 21900-5 to /common/download/7 1 5 30000-1/Cisco/base_scripts/upgrade_manager.. As in your case the installation has detected no valid

NTP source thus the upgrade fails: 01:27:19 InstallWizard|Internal Error, File:installWizMain. [Risograph Driver For Mac](#)
